

Cllr Casey Report to FTC September 2021

Sorry for the delay and apologies but I have been up to my eyes recently.

Report to Filey Town Council meeting dated Wednesday 8th September 2021

Apologies

Please accept my apologies for not attending this meeting but I have to attend an urgent Zoom meeting with Lion District 105N that is impossible to get out of.

Condolences

My sincere condolences go to the family and friends of Cllr John Haxby on his sudden passing. He will be sorely missed by everyone in this Chamber and beyond.

My report to the last meeting of FTC on 11th August 2021

A. I have since made a personal apology to Cllr Mike Cockerill for a misinformed comment in my report.

B. I note in the minutes of this meeting that I was censured by the Mayor, Cllr Holden-Banks as to what I should not put in my report.

The comments I made that caused this censure were made in a heartfelt way as I am a member of the Town and Guide working group.

If I wish to include this in my report to Council, then I will and I will not be censured for it. It is not for the Mayor to tell me what I can or not put in my report.

Freeman/woman of Filey

I feel incredibly sad for Ex Cllr Marion Wright has once again been passed over for this prestigious honorary award. I have e mailed the Town Clerk to let him know my feelings on this matter and I make no apologies for including this in my report.

Soapbox Challenge

An excellent event on Sunday last that was enjoyed by bumper crowds in Filey.

The event was exceptionally well run and went off without a hitch.

I would like to thank the Organisers and SBC, FTC and DBID for all their efforts. The SBC Mayor Eric Broadbent was in attendance with his wife Lynne and they had a superb day as did myself and Cllr Cockerill and we were both lucky enough to be asked to present one of the Awards.

Hopefully this event will return to Filey and become an annual event.
