

Cllr John Casey January 2021 Report

Filey Town Council 7pm Wednesday 13th January 2021

A happy new year to everyone with a heartfelt wish that 2021 will be a much better year as we collectively contain the virus.

Dog droppings

Cllr Cockerill raised at our last Council meeting the issue of increased dog mess in Filey. Two wardens for the entire Borough are clearly not good enough to give good service to all. Both myself and Cllr across concurred and I suggested that Filey should have its own “Dedicated Dog Warden” and not a shared one covering a day or two a week.

I know that this is a subject close to FTCs heart and is a matter that has been discussed in

depth so I wholly support all your efforts.

Sea Wall

I see that Cllr Cockerill has given a comprehensive report on this subject so I do not feel the need to report further

Council makeup

As you are probably aware there has been some movement of Councillors which will affect the makeup of the Council and it's committees. There is a meeting of SBC on 19th January to discuss this further. Once this has happened we will be in a better position to inform you of these changes.

John B Casey
Filey Ward Councillor
