

Hi David,

As you may be aware we have received two requests for the utilisation of Section 106 monies currently held by SBC.

Filey Cricket Club

The cricket club are looking to purchase a new scoreboard and are looking for funding of £4,710.40 based on quotes received by the club.

Filey Town Football Club

The football club are looking to introduce netting behind on of the goals in order to reduce the instances of balls landing in adjacent gardens and subsequent nuisance and damage caused to residents. The club have a received a quote of £1,260.75 for the works.

SBC are currently holding the following sums which are eligible for expenditure on the pre-described works.

- £3,300 (00389/FL - The Crown)
- £12,335 (15/01284/FL – Southdene)

Please note this is not a complete list of monies held or due for the Filey area, however they are the funding sources we would utilise, particularly the 00389/FL agreement as under the terms expenditure is required by September 2022.

It is proposed both values be allocated to the respective clubs in the form of a grant equivalent to the value of the works carried out. The clubs will there arrange and facilitate the works and take ownership and maintenance responsibility.

I understand the item is on the agenda at the next Filey Town Council meeting.

Can you please confirm if you are happy for these monies to be utilised for these works. I will then, subject to requisite approvals process required payments.

Kind Regards

Kevin
