

MJC Supplementary Report August 2021

I'm sure Cllr Casey will acknowledge his misunderstanding when I state that my report is in regard to 2 entirely separate issues in relation to the car parking spaces on Coble Landing.

1. Around the time Lockdown was due to end, I suggested to Borough Officers that the car parking spaces directly opposite the kiosks should NOT be returned to Pay & Display.
As I stated in my report this was to reduce the potential for conflict between vehicles and pedestrians. I suggested this due to the tightness of manoeuvring together with the increased footfall we are experiencing this year.
2. Totally separately Cllr Casey brought it to the attention of Cllr Cross and myself that he had been approached by the Lifeboat crew with the suggestion that the spaces could be allocated for members of the crew on a Call Out.
I was very happy to support this sensible move.
